Adopt-A-Room at Ronald McDonald House Charities of South Louisiana Adopt-A-Room Program Application

When sick or injured children are sent to New Orleans-area healthcare providers, families are often uprooted at a moment's notice to an unfamiliar city with little support. Ronald McDonald House Charities® of South Louisiana has provided needed support to these families for 36 years by offering a comforting home environment, meals, transportation, and the opportunity to find comfort in sharing their experiences with parents going through similar difficult situations.

Our 15 bedroom facility is used to provide room and board to nearly 500 families of ill children each year, who are being treated at one of our regional medical centers. Our services to these families have been shown to reduce stress and provide a better quality of sleep to the families who participate in our programs.

We are offering the opportunity to annually support our work through the adoption of one of our facility's guest rooms or common areas. Currently, each of our guest rooms are available for adoption for a yearly sponsorship of \$2,000, and will be sponsored on a first come, first served basis.

Please email Bob Van Den Akker at bob.vandenakker@rmhc-sla.org for House layout and available rooms.

Our guest rooms and common areas which may be adopted (subject to availability and approval by RMHC-SLA) are:
